

MICHELLE BRIDAL

2023 *Collection*

# Designer's Note

Every curvy bride comes with a love story that reflects her personal choice of partner and where to get married.

Some keep with timeless tradition.  
Others bend or break the rules.

This new look of love inspired the  
**2023 Modern Romance Collection.**

The designs are all about putting a fresh fashion twist on classic wedding gowns for a very contemporary look.

Discover:

- Sleeve details to delight and surprise your brides. (Did someone say detachable cuffs and puff sleeves?)
- Bold, black wedding gowns edgy brides love.
- Sexy exposed boned bodices

Each dress in the 2023 Collection is named after an independent, accomplished woman who dared to do things in a new way.

*"A girl should be two things: who and what she wants."*
